

# THE COUNTRY'S MOST VERSATILE, COMPLIANT AND COST-EFFECTIVE DOWNPIPE

## THE 'ULTIMATE' EASY TO INSTALL UNIVERSAL DOWNPIPE PACK

Delta's Revolutionary Freeflow Versatile Downpipes are now available straight off the shelf in a new, easy to install pack.

The Universal Downpipe will fit 95% of all residential applications\*. The pack contains a one piece bent top and soffit section (no Joiner), a flanged bent wall section, and 2 adjustable brackets, all powder coated to match.

It's easy to assemble, with just three cuts required to remove surplus material, then simply push and seal the joint, and fix to the wall.

REVOLUTIONARY VERSATILE FREEFLOW DOWNPIPES

## THE MOST COST EFFECTIVE SOLUTION AVAILABLE TODAY

Professional tradesmen will spend a minimum of half an hour per pipe assembling and painting a PVC or steel pipe. This cost is avoided by using Delta's Revolutionary Freeflow 'Ultimate' Universal Downpipe.

When these factors are considered, Delta's product is the most cost effective on the market.

A Builder can expect a major saving per house lot using the 'Ultimate' Universal pipes.

## THE ONLY FULLY COMPLIANT DOWNPIPE ON THE MARKET

New building code regulations require unrestricted pipes which allow freeflow continuously from the outlet to the drainage or tank without joining one or more pipes, as that can restrict flow. Currently, Delta's Revolutionary Versatile Freeflow Downpipes are the only product on the market that complies fully with the principles in these requirements.

### PIPE DIMENSIONS

- Outlet to Soffit: 350mm (Remove excess)
- Soffit dimension: 650mm (Adjust by removal of excess material size down to a size of 295mm)
- Wall Size: 3200mm (Remove excess material)
- Product substrate: Aluminium
- Size range: 80mm, 65mm and 110mm
- Color Range: Plain Aluminium, Ironsand, Titania, Karaka, New Denim Blue, Grey Friars, Rivergum, Scoria.
- Flange joiner: Easy pressure joint, Requires sealant for ease of joint and added watertight joint protection.

\*Made to measure pipes are available on order to cover all other requirements.
